

Bargagli Petrucci Palace is a very flexible space.

The vast lounges are suitable for many types of events: weddings, private or business meetings, conferences, pop-up showrooms.

We can cater seated lunch and dinners for restricted number of 20-30 guests up to larger cocktail events of 250-300 people, always with an elegant flair, and being careful to create the right atmosphere for each event.

Sala della Galleria is perfect as a conference hall, to welcome guests for a larger event or for after-dinner drinks, as - with its length of 16,8 meters- it can host in only one room all the guests. If requested, it is possible to set up a single long imperial banquet.

Sala della Gloria can host up to 60 / 70 seated guests, divided in round or rectangular tables of 8 to 12 people. It is also possible to set up 2 long banquets that can sit up to 20-24 guests each.

Sala del Tempo and **Sala di Diana** are of similar dimension and they can host elegant lunches or dinners for 60 seated guests.

Sala Murano, which is connected to the Gallery Hall and overlooks the River Arno, can be used in addition to other Halls for larger events.

In case of a cocktail we can place buffet and drink tables in every Hall leaving enough space for potential exhibition or business presentation set ups.

The Halls, for their characteristics of length, width and light exposure, are perfect for conferences and seminars.

Each Hall can host 60 to 120 people seated in rows in front of a presidential long table where the speakers can sit and be easily seen by all the participants.

The various doors which connect the Halls among them are very important for the conference use, so there is no risk of a funnel effect, which would limit the success of the event.
